

SNYAB 'Mobile of Hope'

Here is your kit to make your very own SNYAB Hope Mobile! The hearts are symbols of hope, showing our support, and there is room to put your own thoughts too.

Cut out all the shapes, and get creative with colour and details if you want to. Write your own messages of hope and support, and display it proudly.

Use a hole punch or carefully push a pencil through to make the holes, and then use string or ribbon to tie everything together, or glue / tape the hearts onto the banner, as shown in the pictures. You can hang your mobile anywhere.

Send us a photo of your finished creation, or post a picture on our social media.

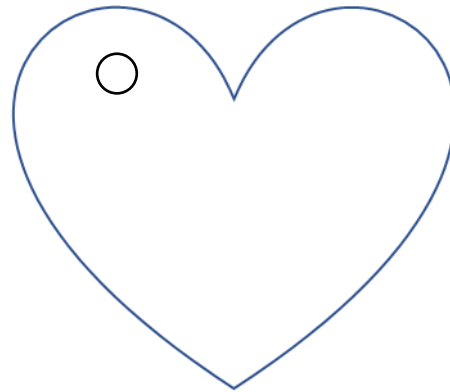

South Norfolk YAB

If you are printing this at home, use card if possible. If not, add a lolly stick or something to the back of the banner to strengthen the paper.

www.snyab.org

Use as many
hearts as you
want, and be
creative where
you put them!
